ADMINISTRATION

All things must end, even good things, and you are now spproaching the end of one part of your life. In many ways the last year of high school is the most important of all school years, for it provides a good chance to clarify your thinking about ideals and goals. This last year in high school is an excellent time to overcome personal deficiencies. Unlike the strengths, and get the most from the friendships and opportunities your high school provides. Soon you will be leaving the protective atmosphere of Marilaton High School, and you must make important decisions as to jobs, future education, and responsibilities of sodit citizenship. The decisions you make will probably affect the reat of your life, for every adult is influenced by his answers to his youthful problems.

it is the nature of society for new problems to arise constantly, and the best society and do is to become adept in solving problems. The purpose of your education is to test one idea against snother idea, one method against snother method, to inquire into and to examine until men can know the true from the faire.

Sincerely yours.

M. H. Brooks, Superintendent

J. K. Arbogast, Assistant Superintendent
